INTRODUCTION

Serials are shelved alphabetically by title as they appear in this list. Publications of societies are usually found under the first word in the title.

EXAMPLE: Transactions of the American Fisheries Society will be found under Transactions not the name of the Society.

When the title of a journal has been changed, in most cases, volumes will be shelved under the new name. Title changes have been cross referenced in the list. Please check with the Librarian if you can not locate a particular journal.

EXAMPLE: Zeitschrift fur Zellforschung to Cell and Tissue Research will be found in the C section.
